Type	Scholarship

Erasmus for Young Entrepreneurs is a cross-border exchange programme, which gives new or aspiring entrepreneurs the chance to learn from experienced entrepreneurs running small businesses in other participating countries. The stay is partly financed by the European Commission. Application is possible at any time.

Erasmus for Young Entrepreneurs helps provide aspiring European entrepreneurs with the skills necessary to start and/or successfully run a small business in Europe. New entrepreneurs gather and exchange knowledge and business ideas with an experienced entrepreneur, with whom they stay and collaborate for a period of 1 to 6 months. The stay is partly financed by the European Commission.

As a new entrepreneur, you will benefit from on-the-job training in a small or medium-sized enterprise elsewhere in the Participating Countries. This will ease the successful start of your business or strengthen your new enterprise. You can also benefit from access to new markets, international cooperation and potential possibilities for collaboration with business partners abroad.

As a host entrepreneur, you can benefit from fresh ideas from a motivated new entrepreneur on your business. He may have specialised skills or knowledge in an area you do not master, which could also complement yours. Most host entrepreneurs enjoyed the experience so much that they decide to host other new entrepreneurs afterwards.

It is a win-win collaboration whereby both of you can also discover new European markets or business partners, different ways of doing business.

On the longer-term, you will benefit from wide networking opportunities, and, possibly, decide to continue your collaboration, possibly as long-term business partners.

Application is possible at any time.
