[🔗 Virtual Partnering & Knowledge Platform](#)

International cross-border contacts are more important than ever before. With this long-term virtual Matchmaking, we would like to open up the opportunity to find business and research partners within the fields of Environment, Energy & Circular Economy. Until the end of 2020, this platform offers you the chance to network with participants from all over the world in virtual meetings.

The Virtual International Partnering & Knowledge Platform - Innovation in Environment & Energy & Circular Economy brings together companies and research organisation from across Europe and worldwide. This is a unique opportunity, organised in the framework of the Enterprise Europe Network, jointly supported by the EEN Sector Groups Environment, Intelligent Energy, Sustainable Construction and the Thematic Group Circular Economy, to generate new contacts for business, technical co-operation and R&D. The model is time- and costefficient and results in business!

## Main Topics

- Waste and Recycling
- Renewable Energy
- Energy Efficiency
- Circular Economy
- Water and Water treatments

## Participation – Why?

- As purchaser - find qualified European suppliers
- As market/sales manager - find new European customers
- As product developer - find partners to discuss new technology / innovative solutions
- As research organisation - find partners for European R&D projects

## Your benefit

- Showcase your most favorable projects, products or know-how
- Targeting potential business partners in pre-scheduled virtual meetings
- Initiate cross-border contacts and co-operations
- Find new commercial/technological/research partners
- Get latest information on industrial related research results
- Easy access to enterprises and scientists in the thematic focus
